

NURFIFI AFIAQH BINTI MAT NOR

INFORMATION TECHNOLOGY STUDENT | SEEKING IT INTERNSHIP

Bayan Lepas, Pulau Pinang | 019-290 6547 | nurfifi.afiqah8@gmail.com

[linkedin.com/in/nurfifi.afiqah](https://www.linkedin.com/in/nurfifi.afiqah)

Internship Availability: 30 November 2026 - 16 April 2027

PROFESSIONAL PROFILE

Diploma in Information Technology student specialising in Software and Application Development, with practical experience in IT support, Linux administration, networking, MySQL, and application troubleshooting. Dean's List recipient with exposure to cybersecurity, artificial intelligence, 5G, and Python through industry programmes. Seeking an IT internship to apply technical and problem-solving skills in a professional environment.

EDUCATION

Diploma in Information Technology | Politeknik Balik Pulau

Aug 2024 - Present

CGPA: 3.46/4.00 | Dean's List: Semester 3 (GPA 3.56), Semester 4 (GPA 3.72)

TECHNICAL SKILLS

IT Support: Hardware and software troubleshooting, user support

Programming: Python, JavaScript, HTML, CSS

Tools: VS Code, Git/GitHub, VirtualBox

Operating Systems: Windows, Linux, Kali Linux

Database: MySQL, SQL

System Administration: User and group management, permissions, services, command-line troubleshooting, basic networking

ACADEMIC PROJECTS

Hostel Laundry Management System with Booking and Complaint Handling | MySQL | Web Development | SDLC

Developed a web-based booking and complaint management system and designed a MySQL database for user accounts, machines, bookings, and complaints.

Diagnosed application and database issues while collaborating through the Waterfall SDLC methodology.

System Administration and Linux Lab | Linux | Kali Linux | VirtualBox

Managed users, groups, permissions, processes, and services; used command-line tools for monitoring, networking, and troubleshooting.

Python Programming Projects | Python

Built small Python applications using functions, loops, lists, dictionaries, and file handling, with an emphasis on debugging and problem-solving.

INDUSTRY ENGAGEMENT & PROFESSIONAL DEVELOPMENT

PSDC Cybersecurity & AI for Smart Industry Programme - Attended Industry-Focused sessions on cybersecurity and artificial intelligence applications in smart industry.

Engagement Session with Selected Industry Partners and Final-Semester Students - Northern Region - Participated in dialogue between selected employers and graduating students on industry expectations and career readiness.

My5G Tour - Kuala Lumpur - Explored Malaysia's 5G ecosystem, use cases, and emerging digital-industry applications.
